

## Directions to the Great Outdoors:

"The Great Outdoors" is .5-.6 miles west of exit 215 on I95, on your left. When you get to the guard shack stay in the left hand lane and tell them you are here to see Mary Wunder. Stay straight on Plantation Drive and drive 1.4 miles from the guard shack to the "Pavilion". You won't see the sign for the pavilion until you are past it so when you get to the church on the right and the big white building on the left slow down and start looking for the shuffle board courts, then the tennis courts which are camouflaged with green screening and there is a parking lot in front of the tennis courts. At the end of the parking lot and before you get to the first pad on the motorhome there is a small road on the left that goes back to the pavilion. There is room for a few cars and if the able bodied could park in front of the tennis courts that would be great. My husband is available for people that fly in and I could probably get some other chauffeurs

You must let us know if you are flying in.
